Race Equity Cycle Pulse Check Recommended Steps

**Step 1**
Read our *Awake to Woke to Work: Building a Race Equity Culture* publication and/or attend an Open Enrollment Working Sessions.*

*Since the Pulse Check is designed using the Race Equity Cycle framework, it's important that your team have an understanding of it and what each stage/lever entails.

**Step 2**
Meet with colleagues to review the User Guide and determine the composition of the cross-functional team that will complete the Pulse Check.*

*The team of colleagues completing the Pulse Check should be as diverse racially/ethnically (and in terms of role/hierarchy) as possible given the composition of the organization as a whole. Members of a single management or program team, for example, should not complete the tool.

**Step 3**
Register your cross-functional team for access to the Pulse Check.

While awaiting registration approval, schedule a 90 minute meeting for the team to complete the Pulse Check in 10-14 days.*

*Your teammates will need to read and be familiar with the *Awake to Woke to Work* publication.

**Step 4**
Once approved, registered teammates will receive invitations to the Pulse Check. You will not be able to being the Pulse Check until all teammates have accepted the invitation.

**Step 5**
Complete the Pulse Check as a team during your scheduled 90-minute meeting.*

*Once completed, a Pulse Check Score Report will be generated and displayed upon completion.

**Step 6**
Reconvene the cross-functional team that completed the Pulse Check, review the Score Report and use its recommendations to prioritize action steps to begin/continue building a Race Equity Culture. Consider how the recommendations from the report will be shared across your organization to build momentum and buy-in for the action steps prioritized for implementation.*

*Consider engaging an equity consultant/coach to guide both prioritization of action steps and the messaging of recommendations/next steps across your organization.
